

## Session Program

15-19 Jun 2026

## Neutrino Physics and Machine Learning 2026

### *Applications: AI/ML Ecosystems & Scientific Automation*

UC Irvine, The Interdisciplinary Science and Engineering Building  
419 Physical Sciences Quad, Irvine, CA 92697

# Friday 19 June

11:15

## Applications: AI/ML Ecosystems & Scientific Automation

**Session** |

**Location:** UC Irvine, The Interdisciplinary Science and Engineering Building , 419 Physical Sciences Quad, Irvine, CA 92697

11:15-11:35

### An Agentic Workflow for Quality Control of Front-end Electronics

**Speaker**

Chao Zhang

11:35-11:40

**Q/A**

11:40-11:55

### Application of the Dr.Sai Agentic Scientific Workflow in JUNO

**Speaker**

Xuefeng Ding

11:55-12:00

**Q/A**

12:00
