

RESEARCH TOPIC · CALL FOR PAPERS

Deep Learning for Event Reconstruction in Neutrino Experiments

Journal: Frontiers in Physics (IF: 2.2)

- **Deadline:** 29 December 2026 · Currently accepting articles! [\[LINK\]](#)
- **Topic:** any scientific paper on deep-learning methods for neutrino event reconstruction is welcome!
- **Topic editors (all here at the conference):**

Saúl Alonso-Monsalve

· César Jesús Valls

· Yifan Chen

· François Drielsma

- **Also of interest:** [Emerging Methods in Reconstruction, Analysis and Simulation](#) (Frontiers in Detector Science and Technology) · deadline 9 November 2026 [\[LINK\]](#).

Details and submission: frontiersin.org/research-topics/82488
