## Development of Dielectric Disk Accelerators

*Wednesday, 17 May 2023 15:30 (30 minutes)*

The progress on developing of dielectric disk accelerator will be presented. General challenges and future directions will be mentioned as well.

**Primary author:** JING, Chunguang (ANL/Euclid Techlabs)

**Presenter:** JING, Chunguang (ANL/Euclid Techlabs)

**Session Classification:** Accelerator: Normal Conducting RF

**Track Classification:** Accelerator: Normal Conducting RF
