Gaseous RICH detector for future Higgs factory.

Thursday, 18 May 2023 11:10 (20 minutes)

J. Va'vra, A.G. Schwartzman, V. Cairo, M. Basso and Su Dong

One important physics goal of future Higgs Factories is to probe the Higgs coupling to strange quarks. Th

Primary authors: Dr SCHWARTZMAN, Ariel (SLAC); Prof. SU, Dong (SLAC); Dr VAVRA, Jerry (SLAC); Dr BASSO, Matthew (CERN); CAIRO, Valentine (CERN)

Presenter: Dr VAVRA, Jerry (SLAC)

Session Classification: Physics and Detectors: Track 3

Track Classification: Physics and Detectors: Track 3: Detector R&D
