Green ILC Concept

Tuesday, 16 May 2023 16:30 (20 minutes)

The Kitakami Highlands of Iwate Prefecture, where the ILC candidate site is located, is served by Tohoku Electric Power Co. The company's CO₂ emission coefficient for FY2021 is 0.483 kg- CO₂/kWh. This is about twice the figure for Europe. The Japanese government has set a goal of achieving carbon neutrality by 2050. This report presents a scenario in line with that policy.

Presenters: YOSHIOKA, Masakazu (Iwate University, Iwate Prefectural University); YOSHIOKA, Masakazu (Iwate University, Iwate Prefectural University)

Session Classification: Sustainability Plenary
