

UED Opportunities for Dynamical Imaging of Materials

Monday, 6 November 2023

Session MC - Chair: Reeju Pokahrel (14:00 - 15:30)

time	[id] title	presenter
14:00	[9] MC01 - "Lab- and synchrotron-based X-ray tomographic imaging of pre, in situ, and post damage of polymers and metals" Brian Patterson, LANL	
14:20	[10] MC02 - "Potential for multi-peak, Bragg coherent diffraction imaging with ultrafast electrons", Richard Sandberg, BYU	
14:40	[40] Discussion
